A WORD OF COMFORT FOR MOTORISTS

QUEENSWAY,  
ROYAL LEAMINGTON SPA,  
WARWICKSHIRE,  
ENGLAND.

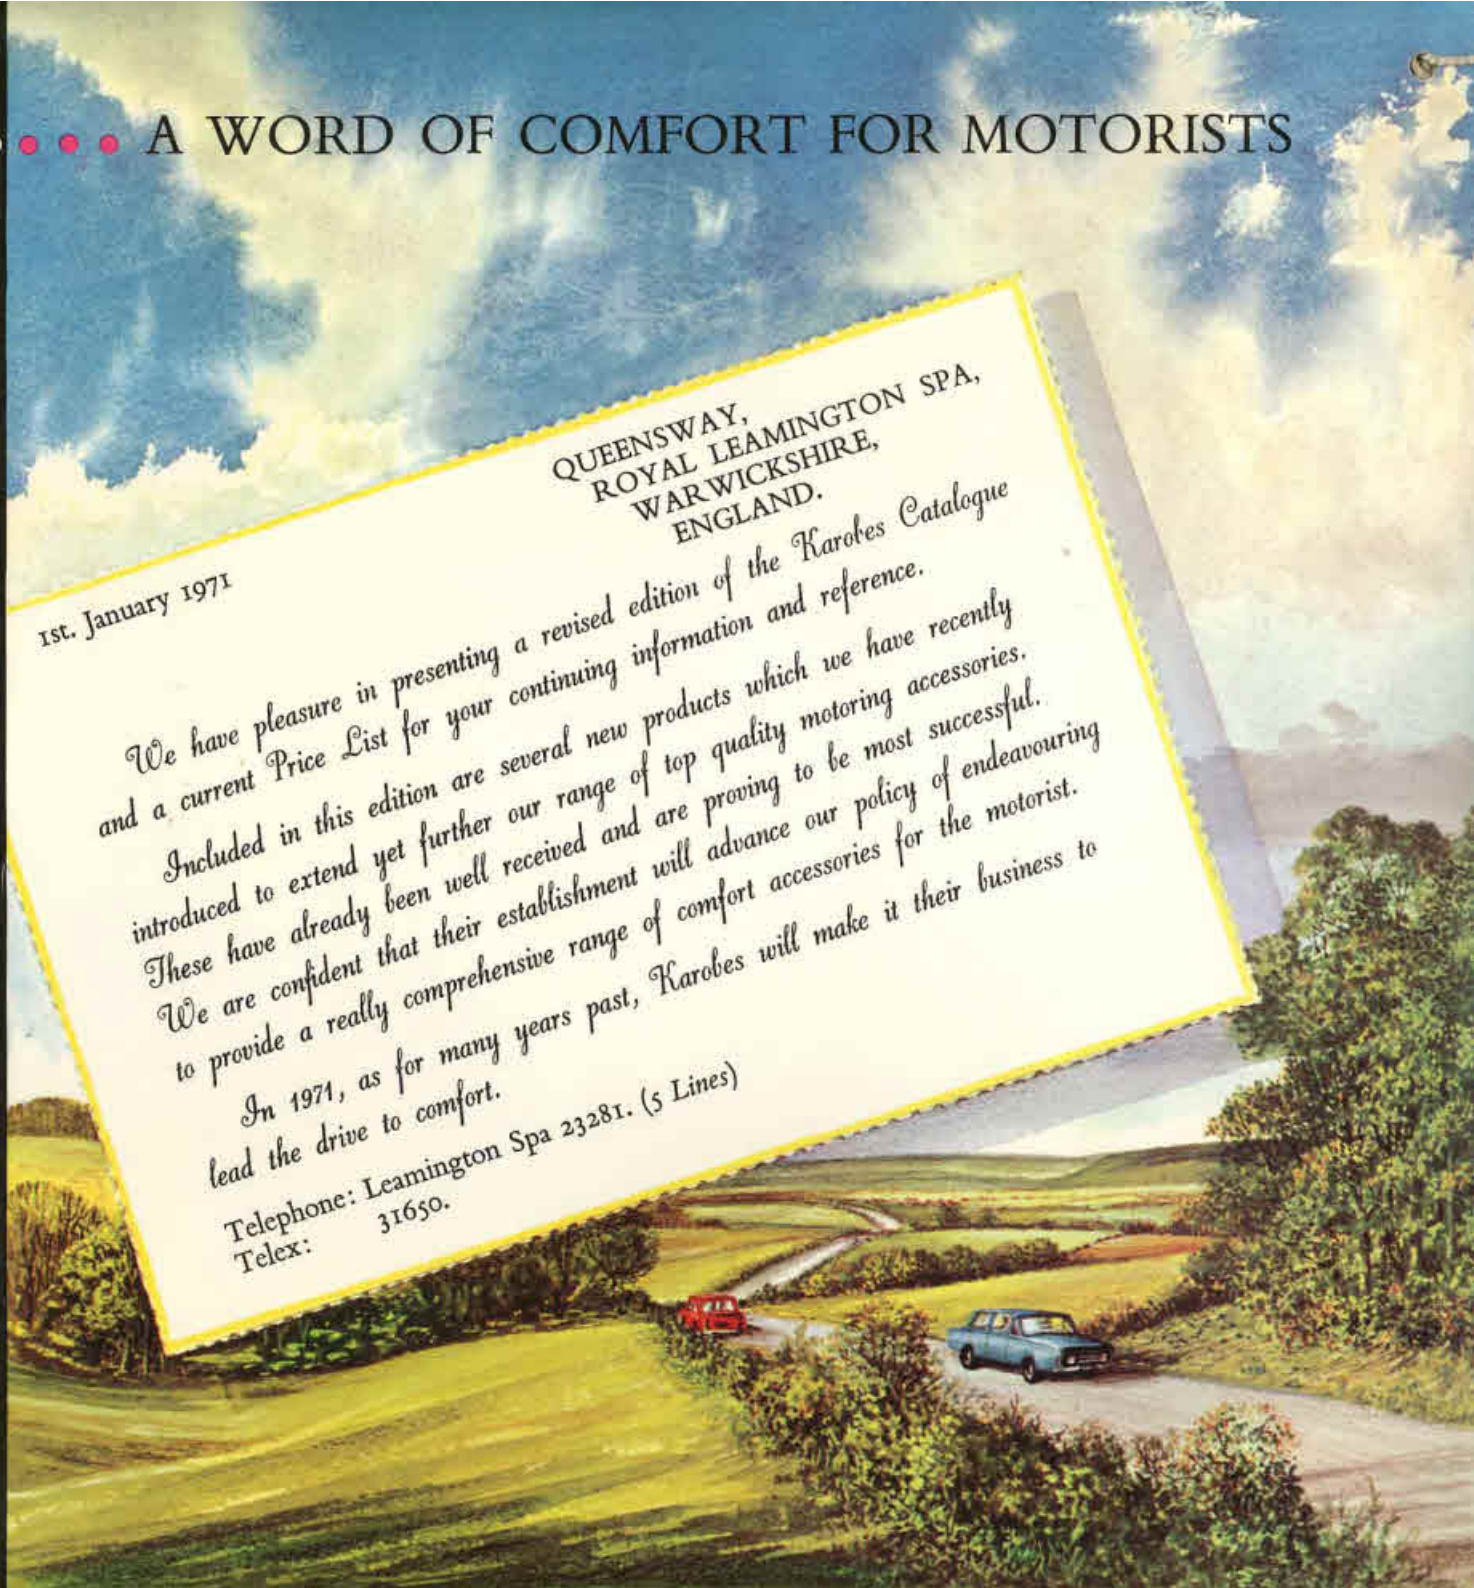

1st. January 1971

We have pleasure in presenting a revised edition of the Karobes Catalogue and a current Price List for your continuing information and reference.

Included in this edition are several new products which we have recently introduced to extend yet further our range of top quality motoring accessories. These have already been well received and are proving to be most successful. We are confident that their establishment will advance our policy of endeavouring to provide a really comprehensive range of comfort accessories for the motorist.

In 1971, as for many years past, Karobes will make it their business to lead the drive to comfort.

RANGE OF COMPETITION SEATS

SUITABLE FOR MOST SMALL-MEDIUM CARS

THE "SPORTSMAN"

"RECORDE" DE LUXE HIGH BACK

1.675

### THE "DE LUXE" HIGH BACK MODEL

Originated with the "whiplash" safety standards in mind, this beautifully designed seat is contoured to supply maximum support and comfort, and incorporates a built-in head restraint.

Constructed in glass fibre and trimmed with a soft textured black simulated leather on a high density foam padding.

### THE "SPORTSMAN"

Designed for the motorist who enjoys the hip-hugging feel of a bucket seat with the improved lateral support during cornering. Built on a glass fibre frame — heavily padded — and upholstered in imitation leather. *Black brushed nylon* centre panels on cushion and back rest. A really delightful addition to any car.

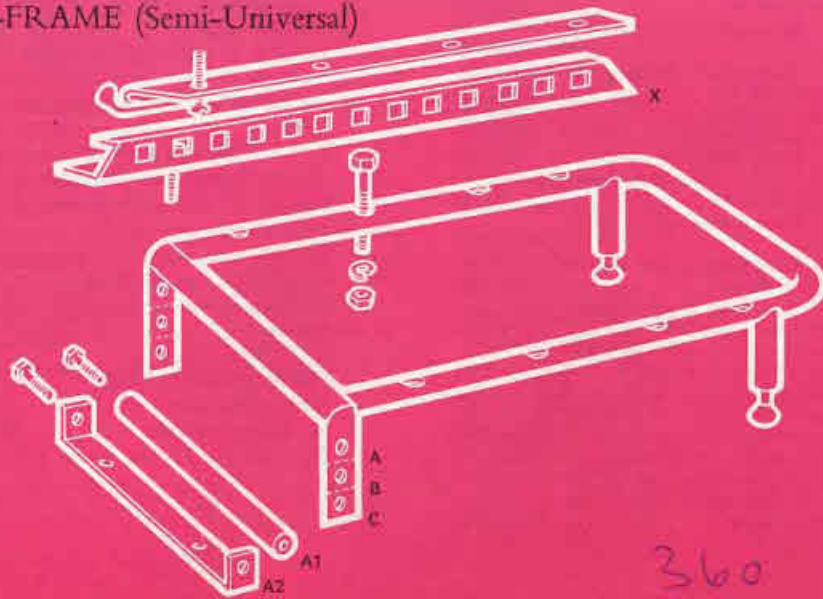

### THE "STANDARD" LOW BACK MODEL

This first class seat has a rigid glass fibre frame — padded with a high density foam and trimmed in imitation leather with perforated panels on the cushion and backrest.

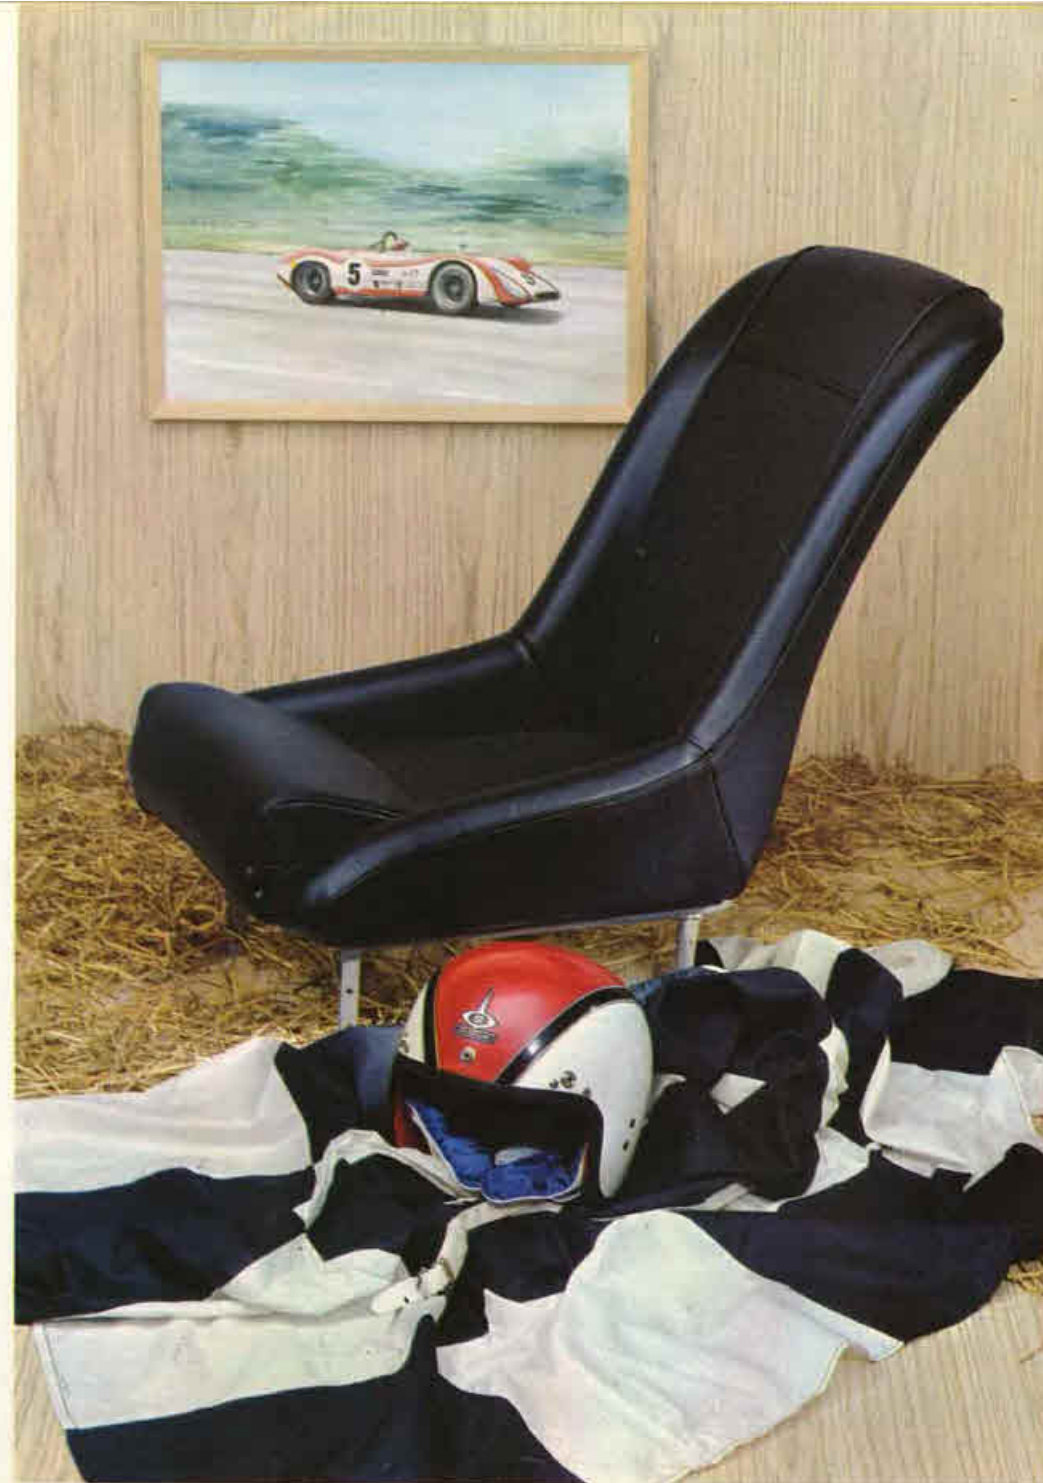

### SUB-FRAME

A semi-universal frame has been devised to enable the seat to be interchanged from car to car at minimal expense. This is supplied as a separate unit with the addition of runners and securing nuts, bolts and washers. This frame enables the seat to be installed in many different vehicles, but in some cases it becomes necessary to utilise an "A1" or an "A2" bar (see illustration), and these are charged extra.

## THE FAMOUS "WEATHER GUARD"

- ★ Ventilation without draughts.
- ★ Simply and rapidly fitted — no drilling required.
- ★ Elegant design, excellent quality — Crystal clear, no blind spots.
- ★ Allows the driver's window to be left open in any weather, providing the means of gentle ventilation.
- ★ Provides a degree of motoring comfort for which drivers, and even more so passengers, will be extremely grateful.

- ★ A welcome gift.

## LUXURY TRAVEL RUGS

### “Grand Prix” Luxury Rug

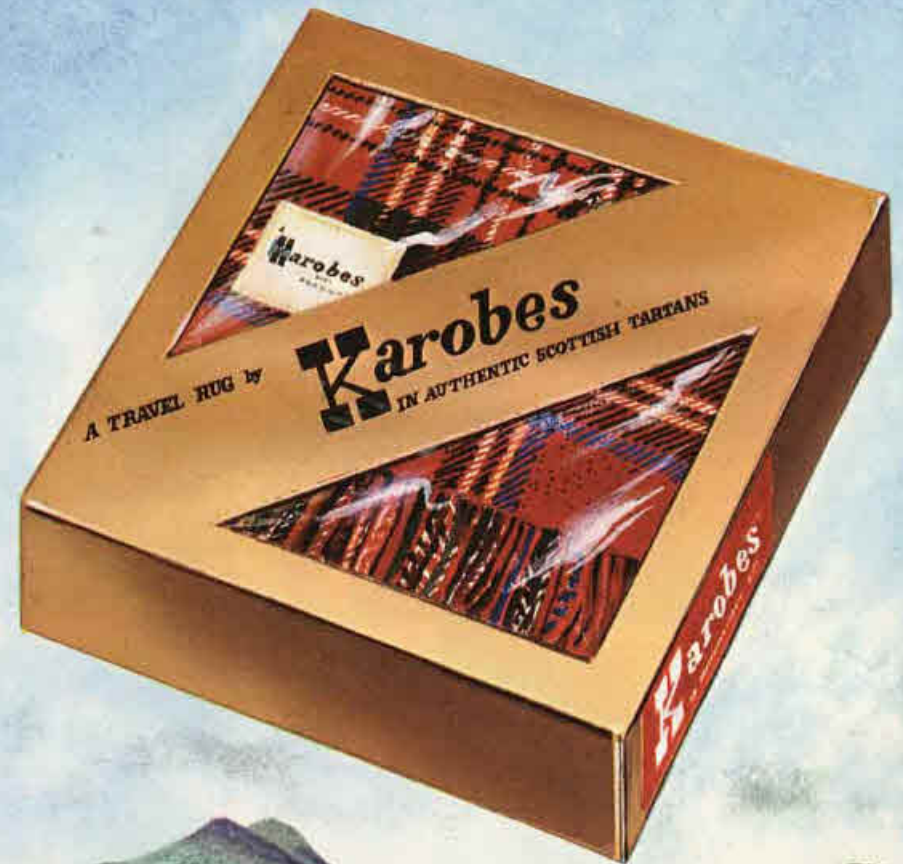

An extremely attractive “Jumbo Size” rug manufactured in man-made fibre and cotton, incorporating motifs featuring Racing Cars and Steering Wheels.  
(Illustrated on back cover).

### Ocelot and Tartan Luxury Rug

Royal Stewart Tartan backed with Ocelot Velvet. A really beautiful rug — cosy — warm — very elegant.

### Ocelot and Red Velvet

The last word in travel rug luxury. A wonderful gift for someone special. A superb combination of warmth and elegance.

## EXTRAS THAT GIVE THE CAR AND DRIVER PERSONALITY

### PRESS-O-FIX

By increasing the pressure of the wiper blades on the windscreen, these cleverly-designed plastic fins help counter the effect of strong cross winds (which cause the blade to lift away from the screen) and improve vision in driving rain. Easily attached to most makes of car — a real boon to motorists in adverse weather conditions. Supplied in a standard Grey finish or De-Luxe Chrome.

### STRETCH SHEEPSKIN SEAT COVERS (SIMULATED)

A really luxurious car seat cover manufactured in a high pile fabric with a knitted nylon stretch backing. Adds a beautifully warm touch to the car interior with the added benefit of being cool in the Summer and warm in the Winter. Has the advantages of one size only — washable in the domestic machine and can be spin-dried. Simplicity itself to fit. Available in White or Charcoal Grey over-all, or can be trimmed with Black stretch nylon.

### GEAR KNOBS AND "T" SHIFT

A complete range of Gear Knobs available, including the latest "T" shift. Manufactured in wood or trimmed in a soft black leather, with a universal thread for  $\frac{1}{8}$  in. or  $\frac{1}{16}$  in. levers. A wide range of motifs suitable for most British and Continental cars.

### KEY FOBs

A delightfully light Key Fob manufactured in real leather with a square fob and an oval medallion. Motifs and emblems available for most British and Continental cars.

### EMBROIDERED BADGES

Both pocket and lapel sizes are available in authentic manufacturers designs. Beautifully finished on Swiss Embroidery machines in top quality cotton. Adds that distinctive touch to the coat or jacket it adorns.

### RADIATOR MUFFS

Manufactured in imitation leather — foam lined for added protection. Simply secured with nuts, bolts and washers, and can be operated fully closed or partially opened, whichever weather conditions dictate. Available for most popular vehicles — in Black all over, or Black and White chequered design.

- A. PADDI PAD.** Colours—Tartan or plain finish. A weighted back cushion providing comfort where you want it.
- B. HEEL REST.** A soft, shock-absorbing pad to cushion the heel of the throttle foot. Particularly appreciated by the lady driver.

# INTRODUCING THE NEW "RALLYCLINE" FULLY RECLINING SEAT

- ★ Can be fully reclined to a horizontal position in seconds.
- ★ Designed for all round body support.
- ★ Fully adjustable headrest - available as an optional extra.
- ★ Raised front edge and sides for leg support.
- ★ A superb combination of **comfort** and **safety**.

Originated not only for the Rally Driver, but more specifically the **everyday motorist** who seeks that extra driving comfort. The Seat is trimmed in a top quality simulated leather, with moulded foams for resilience on a robust tubular frame.

Colour: Black only.

Sub-Frame as illustrated on Page 7.
